EERA smart cities joint programme

SMARTER TOGETHER

Expert sessions

Stand space: F625, F627 & F629

Join us for 30-minute interactive sessions led by experts on smart cities topics with focus on energy efficiency, mobility, ICT and citizen engagement. Co-created together with the audience, the sessions aim to start discussions, collect knowledge, best-practices and lessons learned, encourage problem-solving.

(15) NOVEMBER

11:00 –
11:30
Why do we need a Smart Cities Information System?
Jorge Núñez | Centre for European Policy Studies
(CEPS) | Smart Cities Information System (SCIS)

12:00 –
12:30
We are Smarter Together
Veronika Cerna | GOPAcom. |
SMARTER TOGETHER

14:00 –
14:30
Vienna: shaping the smart future for citizens
Bojan Schnabl | City of Vienna |
SMARTER TOGETHER

14:30 –
15:00
Residential heat supply in cities through
waste-heat re-use: sources, supply potential and
demand coverage - a Vienna case study
Wolfgang Loibl | Austrian Institute of Technology (AIT) |
European Energy Research Alliance (EERA)

15:00 –
15:30
Collaborative cities facing smart development
Piero Pelizzaro | City of Milan |
SHARING CITIES

16:00 –
16:30
Bringing innovation from the demo level to the market:
communication of best practices to foster replication
Antonio Garrido-Marijuan | Austrian Institute of
Technology (AIT) | Smart Cities Information System
(SCIS)

16:30–
17:00
Towards Smart Zero CO_2 Cities across Europe
Francisco Rodríguez | TECNALIA | SmartEnCity

17:00 –
17:30
Lyon: the intelligent city of tomorrow
Emilie Gerbaud | Lyon Metropolis | SMARTER TOGETHER

(16) NOVEMBER

10:00 –
10:30
How monitoring of demonstration projects can support
the upscaling of smart city solutions
Hans-Martin Neumann | Austrian Institute of
Technology (AIT) | SMARTER TOGETHER

11:00 –
11:30
Why is data important for smart city replication and
how do we visualise it?
Branislav Iglar | Austrian Institute of Technology (AIT) |
Smart Cities Information System (SCIS)

12:00 –
12:30
EERA Joint Programme Smart Cities
Catrin Haider Austrian Institute of Technology (AIT) |
European Energy Research Alliance (EERA)

14:00 –
14:30
Policy and finance barriers and solutions for innovation:
lessons learned from EU projects
Jorge Núñez | Centre for European Policy Studies
(CEPS) | Smart Cities Information System (SCIS)

14:30 –
15:00
European Innovation Partnership on Smart Cities
and Communities
Mathias Reddmann | DG CONNECT | European
Commission

15:00 –
15:30
Munich: smart city – smart citizen engagement
Silke Strehle | City of Munich |
SMARTER TOGETHER

15:30 –
16:00
GrowSmarter: transforming cities for a smart,
sustainable Europe
Lisa Enarsson | City of Stockholm | GrowSmarter

16:00 –
16:30
Green Digital Charter: Smart cities with and for the
citizens
Nikolaos Kontinakis | EUROCITIES |
Green Digital Charter

17:00 –
17:30
The Funding Tool for Smart Cities by EIP-SCC Market
Place
Juan Cristobal García | Zabala Innovation Consulting |
EIP-SCC Market Place

(17) NOVEMBER

10:00 –
10:30
Working with cities for the performance
measurement of their smart projects
CITYKeys

11:00 –
11:30
Regeneration Model for smart
and sustainable cities
Miguel Á. García-Fuentes | CARTIF | REMOURBAN

12:00 –
12:30
Integral energy retrofitting actions, towards a
nearly zero emissions districts
Sergio Sanz | CARTIF | CITyFiED

14:00 –
14:30
Co-creating cities: active citizenship and
strategies for cross-city learning
Willi Wendt | Fraunhofer IAO |
SMARTER TOGETHER

15:00 –
15:30
Green ICT and carbon footprint measurement
ICT footprint
